STATE OF FLORIDA
DIVISION OF EMERGENCY MANAGEMENT

IN RE: SUSPENSION OF STATUTES, RULES, AND ORDERS, PURSUANT TO EXECUTIVE ORDER NUMBER 20-52, MADE NECESSARY BY THE COVID-19 PUBLIC HEALTH EMERGENCY

EMERGENCY ORDER

WHEREAS, the Governor of the State of Florida issued Executive Order No. 20-52 in response to the COVID-19 Public Health Emergency which poses a severe threat to the entire State of Florida and requires that timely precautions are taken to protect the communities, critical infrastructure, and general welfare of this State; and,

WHEREAS, the Governor has designated the Director of the Division of Emergency Management as the State Coordinating Officer for the duration of this emergency and has delegated to the State Coordinating Officer the authority to exercise those powers delineated in sections 252.36(3)-(10), Florida Statutes; and,

NOW THEREFORE, I hereby find that the Division of Emergency Management’s timely performance of disaster response functions related to COVID-19 Public Health Emergency is hindered by the application of procedures imposed by statute, rule, and/or order.

Therefore, pursuant to Section 2 of Executive Order No. 20-52, I hereby issue the following authorization(s):

I. Suspend sections 393.13(4), 400.022(1)(b), 429.28(1)(d), 429.85(1)(d) Florida Statutes, for the particular purpose of prohibiting certain individuals from visiting facilities. For purposes of this order, a facility includes nursing homes, assisted living
facilities, adult family-care homes, long-term care facilities, and adult group homes. The order applies as follows:

a. Any person infected with COVID-19 who has not had two consecutive negative test results separated by 24 hours is prohibited from visiting a facility; or

b. Any person showing or presenting signs or symptoms of a respiratory infection, including cough, fever, shortness of breath or sore throat is prohibited from visiting a facility; or

c. Any person who has or may have been in close contact with a person(s) infected with COVID-19 who has not tested negative for COVID-19 is prohibited from visiting a facility until 14 days after their interaction with the person(s) who is infected with COVID-19; or

d. Any person who traveled internationally is prohibited from visiting a facility until 14 days after their return to the United States; or

e. Any person who traveled on a cruise ship is prohibited from visiting a facility until 14 days after their return to the United States; or

f. Any person who has been in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency, is prohibited from visiting a facility within 14 days of their presence in the community with community spread; or

g. Any person who resides in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and
Prevention or a state public health agency, is prohibited from visiting a facility.

Because section 252.36(5)(a), Florida Statutes, allows the Governor to suspend the provisions of “any regulatory statute prescribing the procedures for [the] conduct of state business”, and because Executive Order No. 20-52 designates the Director of the Division of Emergency Management as the State Coordinating Officer for this emergency, the requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to this Order.

The effective dates of this Order shall correspond with the effective dates of Executive Order No. 20-52.

By Order of the State Coordinating Officer executed this 11th day of March, 2020, in Tallahassee, Leon County, Florida.

Jared Moskowitz
State Coordinating Officer
Florida Division of Emergency Management
2555 Shumard Oak Blvd.
Tallahassee, Florida 32399
