NOW, THEREFORE, BY THE AUTHORITY VESTED IN ME, IT IS HEREBY ORDERED THAT:

Section 1. Definitions.

“Face Covering” – shall mean a uniform piece of material that securely covers a person’s nose and mouth and remains affixed in place without the use of one’s hands, whether store bought or homemade, concurrent with CDC guidelines.

Section 2. Minimum Standards for Businesses and Places of Assembly. All places of assembly, businesses, and other places open to the public in Seminole County shall follow these conditions, unless precluded by any order issued by the Governor for the State of Florida or if social distancing would preclude the provision of service to a customer, such as in a hair salon, nail salon, or other similar personal services:

a) All persons, employees, patrons, and participants must practice physical distancing by staying at least six (6) feet apart (hereinafter “social distancing”);

b) Meetings, workshops, training programs, and other modes of assembly must ensure appropriate social distancing; and

c) Checkout points and staging areas, including storefronts, must be monitored for social distancing requirements by means of marking floors or similar actions to maintain social distancing between patrons and employees.

Businesses that provide services requiring employees and patrons to be within six (6) feet of one another, such as hair or nail salons, are subject to all other provisions of this Order.

Section 3. Face Coverings Required. Every person working, living, visiting, or doing business in Seminole County is required to wear a Face Covering consistent with the current CDC guidelines while at all businesses, places of assembly, and other places open to the public. This section does not apply to individuals that are exempt from wearing Face Coverings, as stated in this Order.

Section 4. Face Coverings Outdoors. A Face Covering is not required at outdoor businesses, places of assembly, and other places open to the public if social distancing, as described in Section 2 of this Order, can be accomplished.

Section 5. Exceptions. A Face Covering shall not be required for the following persons:

a) Persons under the age of two (2) years;

c) Persons working in a business or profession who are not interacting with the public and who are able to maintain social distancing from co-workers;

d) Persons working in, or patrons of, a business or profession where use of a Face Covering would prevent them from performing the duties or receiving the services of the business or profession;

e) Persons exercising, while maintaining social distancing;

f) Persons eating or drinking;
g) Public safety, fire, and other life safety and health care personnel, as their personal protective equipment requirements will be governed by their respective agencies; and
